## PC ENVIRONMENTAL SEPARATORS

Polycarbonate environmental separators are an ideal solution wherever a full-height glazed screen is required - use to separate workers in factories or warehouses, at cash machines or while dining in restaurants and cafes. The separators frame is a robust anodised aluminium and will be available from stock with either a single panel 6mm clear twin wall polycarbonate glazing, or a double panel construction where unobstructed vision is required which combines a 6mm opal twin wall polycarbonate to the base panel and 2mm clear solid polycarbonate to the upper. Environmental separators are also available to order in a range of alternative sizes and coloured sheet finishes.
